FROM THE PROPHET'S DESK

Despite national economic woes and political uncertainty, God speaks to his people, to sow in the land of famine and you will receive a 100 fold increase. Remarkable? No, it's just God choosing to move in his own time. "My ways are not your ways and my thoughts are not your thoughts." God picks the optimum time to reveal his providential care and redemptive miracles to a nation and community that has gone astray. God is saying to America and to you and I, **"you need me."** So often it takes the shaking of familiar institutions and surroundings to get our attention. Things that we trusted to be invincible, we saw them as fortresses of security.

We are all finding out that the only sure foundation is the rock of our salvation, the stone that builders rejected. "When all around me is sinking sand on Christ the solid rock I stand, when we need a shelter, when we need a friend, I go to the Rock." I believe that song sung by Danny Bell in the seventies will make a strong come back in 2008.

Fortunately, God is not affected by Wall Street debacles and doesn't need a federal bailout to keep him solvent. Haggai 2:6-8 reminds us, For thus saith,

Jehovah of hosts: Yet once, it is a little while, and I will shake the heavens, and the earth, and the sea, and the dry (land); and I will shake all nations, and the desire of all nations shall come; and I will fill this house with glory, saith Jehovah of hosts. The silver is mine, and the gold is mine, saith Jehovah of hosts.

As Elvis would say, there is a whole lot of shaking going on, but this shaking by God means he is going to exalt and prosper his people and also fill his house with his glory. This is the hour, this is that season, it is your time to be a witness to the world. Tomorrow is the Jewish New Year, Rosh Hashanah. I know it is significant for this ministry due to the natural things God has planned that will be birthed in this month.

Let's look at what I am talking about, World Magazine's profile is dated to be released this Saturday October 4th, Love Express, the largest Gospel Newspaper has an article with my commentary in the October Issue, The Tri-State Voice is printing the World Magazine article in their October Newspaper. October 15th & 16th I will be in Indiana (Indiana Right to Life) to speak with Pastors and be the chief speaker at their banquet. On the 18th, I will be in Upstate New York, where again I will be the primary speaker at Bucks County Right to Life. October 25th our team has been asked to come to Fayetteville, North Carolina to demonstrate with the students of Fayetteville State (hbuc), who doesn't want Planned Parenthood on their campus.

On October 27th, I will address 200 pastors in the sunshine state (Florida) for the Hope Pregnancy ministry that has a strong pastoral outreach. October 29th & 30th we are arranging a seminar and discussion with students on the campus of Chicago City College. October, October, October. It is also the 9th year from our historic Say So March to the steps of the Supreme Court in Washington, DC. Nine is the number for New Birth. So look to him “the author and the finisher of your faith.” Keep your prayer commitment and watch God work with you like never before!

6:00am-Saturday	God's Elite Men (GEM)

UPCOMING EVENT

ADULT RETREAT OCT. 17-19 CONTACT: DEACONESS DALGER

Melaleuca Seminar October 9th 7:30pm

WORDS OF ENCOURAGEMENT/TESTIMONY

“MECCA”

Around this time last year, I had a dream that my husband and Miracle were lying in the bed and also a little baby girl. In the dream I said “Evangelist, Miracle and Mecca.” I woke up remembering the dream and I felt so much love within my heart for this little girl.

At this time, I was not pregnant, I had just had a miscarriage, and I knew that I would conceive again. This also confirmed the word of minister Childress. Upon hearing of my miscarriage she said to me, “The Lord said you shall be pregnant within 3 months and you will carry full term.” That prophetic word certainly came to pass!

Mecca means “Repentance.” The Muslims go the city of Mecca to repent. Christians go to Jesus to repent. God is calling this nation to “Repent”. I am daily looking at my life and repenting of the things God shows me. The Lord has been so very good to me, He has gone far above that would I ask and think. During my pregnancy, I was put on bed rest...something I wasn't use to. I had time to watch many of the religious televangelists on TV. At this time, our very own Prophet Clenard Childress, Jr. was preaching on the subject of repentance.

I am asking God to not let me be in denial about anything, but to give me a heart that is willing to repent. Not just with lip service, but to truly repent & to do His will. I pray that you are encouraged to daily walk in repentance also.

Deaconess Hester Stewart

Civil Rights Leaders and Conservatives Seek to Outlaw Race-Based Abortion

Wednesday, September 24, 2008

By Penny Starr, Senior Staff Writer

CNSNews.com) - A group of civil rights leaders and conservative congressmen held a press conference on Tuesday to announce proposed legislation that would prohibit knowingly performing or financing abortions based on the race or gender of the unborn child.

“We gather here today because we still have not reached that high place where the light of God’s freedom shines on the face of every last one of these children,” said Rep. Trent Franks (R-Ariz.), sponsor of the Prenatal Nondiscrimination Act. “In fact, today in our nation 4,000 of those children will die before they have the chance to stand in that light of freedom. Today, before the sun goes down,” said Franks. Steve Mosher, president of the Population Research Institute, said there is mounting evidence that sex-selection abortions--which have resulted in the deaths of tens of millions of female babies in China where there is a one-child-per-couple population-control policy--are now becoming more common in the U.S.

“We now have Census data, proof, from the 2000 census, showing that in certain communities in the United States, primarily of Asian extraction, there is a preponderance of little boys,” Mosher said. Several pro-life activists from the black community, including Dr. Alveda King (niece of Dr. Martin Luther King Jr.), spoke at the conference about how Planned Parenthood has targeted minorities by putting clinics in low-income neighborhoods. They also cited the acceptance of donations earmarked for the aborting of black babies by some Planned Parenthood representatives, as reported by a student publication at the University of California at Los Angeles. “It is paramount that the federal government set a precedent to ensure the protection of these children,” said Day Gardner, president of the National Black Pro-Life Union. “No one should be denied life because of the color of his or her skin.”

“The Prenatal Non-Discrimination Act calls upon all of us to renew America’s climb to equality and human freedom for all of God’s children,” Franks said.

The Rev. Clenard Childress, president for the Northeast region of the Life Education and Resource Network or LEARN, and Rep. Jeff Fortenberry (R-Neb.) also spoke at the event.
