FROM THE PROPHET'S DESK

Welcome to our first Prophetic Seminar. You are chosen to be catalyst for change in the community and your daily challenges are known to our Heavenly Father, and they are designed to give you the complete and total victory!. The trail of your faith worketh patience and patience experience, experience hope, and hope maketh not ashamed! What's facing you will not make you ashamed, but will develop you into the Saint God designed before the beginning of time.

Today's lessons will help you have a positive confession despite the surrounding conditions of community, state, and the nation! You have been designed to conquer. Conditions got the best of you? Are you saying, God can't be talking to me, I am too weak and I have never been able to accomplish the things I need to do to be successful? God can't be talking to me! Remember. God chooses the foolish things of this world to confound the wise. I don't know about you but that sure lets me know why he chose me. The stone which the builders rejected has become the head of the corner. This is the Lords doing, and it is marvelous in our eye!

Hey, you're in there somewhere! Now its time to shake your own opinion and meditate on what God says about what he designed you to be! God is looking for some folks to show off with. Humble yourself in the sight of the Lord and He will lift you up. The word is alive and will go right to the problem of your mind, soul, and body if you begin to take it daily and decree its belief! Try it, it will manifest. The seed sown will not return void and there will be the evidence for all to see of what God is doing in your life.

Now prepare for Gods' best. God has shown me 21 days of overflow and we are in the 7th of it today. Wake up and say, Thank you Jesus for the overflow!. It is spilling over somewhere right now for you! Wait a minute. It's on the way, you will see it shortly so shout now, the Barn is full and the vats are running over.

Salutation and greetings to the Saints of God. I give honor God and to My Prophet, My Teacher, My Pastor, My Leader. I thank God for the test and trials because if there were not any test or trials we would not know what we are made of.

I was reminded of my earlier years at the church when I heard the names of Angel, Norbert and Mark to be baptized the Sunday before last. It brought me back to my own baptism, but more so my brother Jerome's baptism. I remember feeling a bit jealous because at the time his baptism seemed a bit more impactful than mine. I thought to myself what makes his baptism more special than mine.

Well this time around those feelings of someone else's baptism was more special came up. But this time myself becoming more Kingdom minded has shown me that these Mighty Men of Valor, have destinies that are impactful and I was overwhelmed with joy and not jealousy because I have a part to be played in the plan that God has for them and I am being allowed to become an asset to their development and possibly ministries. That is a wonderful thing! I thank God for them. I am in no way taking away from the other participants in the baptism, but this is something that I felt very strongly about.

So if God wills it I would be as a servant to all, to help move my fellow brothers and sisters forward in the Kingdom.
